**2001 Beck Spyder
(replica of 1955 Porsche Spyder)**

\$32,500

Approximately 5,100 miles

- Striking Silver Blue metallic exterior with red interior and red flashes on rear fenders
 - Red Tonneau cover
 - Convertible top (black vinyl) with side curtains
 - 1915cc 125-bhp engine
 - Rear disk brakes
- Plated steel wheels (spare included) with classic Porsche hubcaps

This car was carefully built to the highest standards possible by the owner of Beck Motorsports, Chuck Beck, for his friend and renowned automotive designer, Peter Brock.

Subsequent to its completion, Brock went through the car and made even more improvements, which include:

- \$4000 custom designed and fabricated exhaust system (stock exhaust consists of a straight pipe out of the engine)
- Upgraded fuel system with electric fuel pump, fuel filter, fuel regulator, fuel pressure gauge, new hoses throughout
 - Redesigned and fabricated spare tire mounting system
- Standard tubing replaced with high quality 1/4" tubing from front-to-rear of car

Common Driver Comments:

"This is the most fun car I've ever driven."

"This car is surprisingly cool to drive in the heat because the engine is behind you."

"This car sits next to \$100k+ cars all day and it always attracts the attention first. It makes people smile!"
